PROJECTS

Personal Website | <https://sunnyfeng.co.nz>

2020

Designed and developed my own personal website, using React, reactstrap and multiple UI component libraries.

Learn From A Kiwi

2020

I attended the Online Startup Weekend Aotearoa, where over 2 days, I worked with 6 people from different disciplines to develop potential solutions to build learning communities and create meaningful online connections during COVID-19.

Money Busters

2020

I attended Create Camp 2019 where over 2 days, I worked with 2 other developers, a designer and a mentor to develop a webapp to manage student finances.

Scammr

2019

I attended Dev's Hackathon where over 2 days, I worked with 3 other students to develop an android app to identify whether a call is a scam calls by using keyword detection and displaying a risk score to the user through phone vibrations.
